Cavallo Bianco

Inspired by the timeless artistry of European flooring, the **Cavallo Bianco Chevron Collection** celebrates the elegance of natural oak arranged in the iconic chevron pattern. Long admired for its heritage appeal, this striking design introduces rhythm, balance, and visual movement to interiors, making it equally suited to classical residences, heritage restorations, or sleek modern environments. The result is a floor that transforms spaces with a sense of sophistication while showcasing the organic beauty of oak.

The character of Cavallo Bianco Chevron is enhanced through a **meticulous brushing process** that accentuates oak's unique grain, knots, and tonal variations. Each board carries its own personality, adding depth and texture that reflect the craftsmanship behind European oak traditions. Together, these qualities create a strong foundation that harmonises with a wide variety of interior palettes and design styles.

Prefinished for convenience, every board is coated with a durable **UV lacquer ultra-matte finish**, providing long-lasting protection while preserving oak's natural warmth. With both left and right tongue profiles for precise chevron installation, the collection ensures a seamless, professional result. Blending classic design with advanced engineering and artisanal detail, Cavallo Bianco Chevron offers more than flooring — it creates a heritage-inspired canvas that elevates any space.

BRITISH OAK NATURAL (C08)

Cromer Oak c01

A soft blonde oak with subtle grunge undertones, offering a refined yet contemporary look for modern spaces.

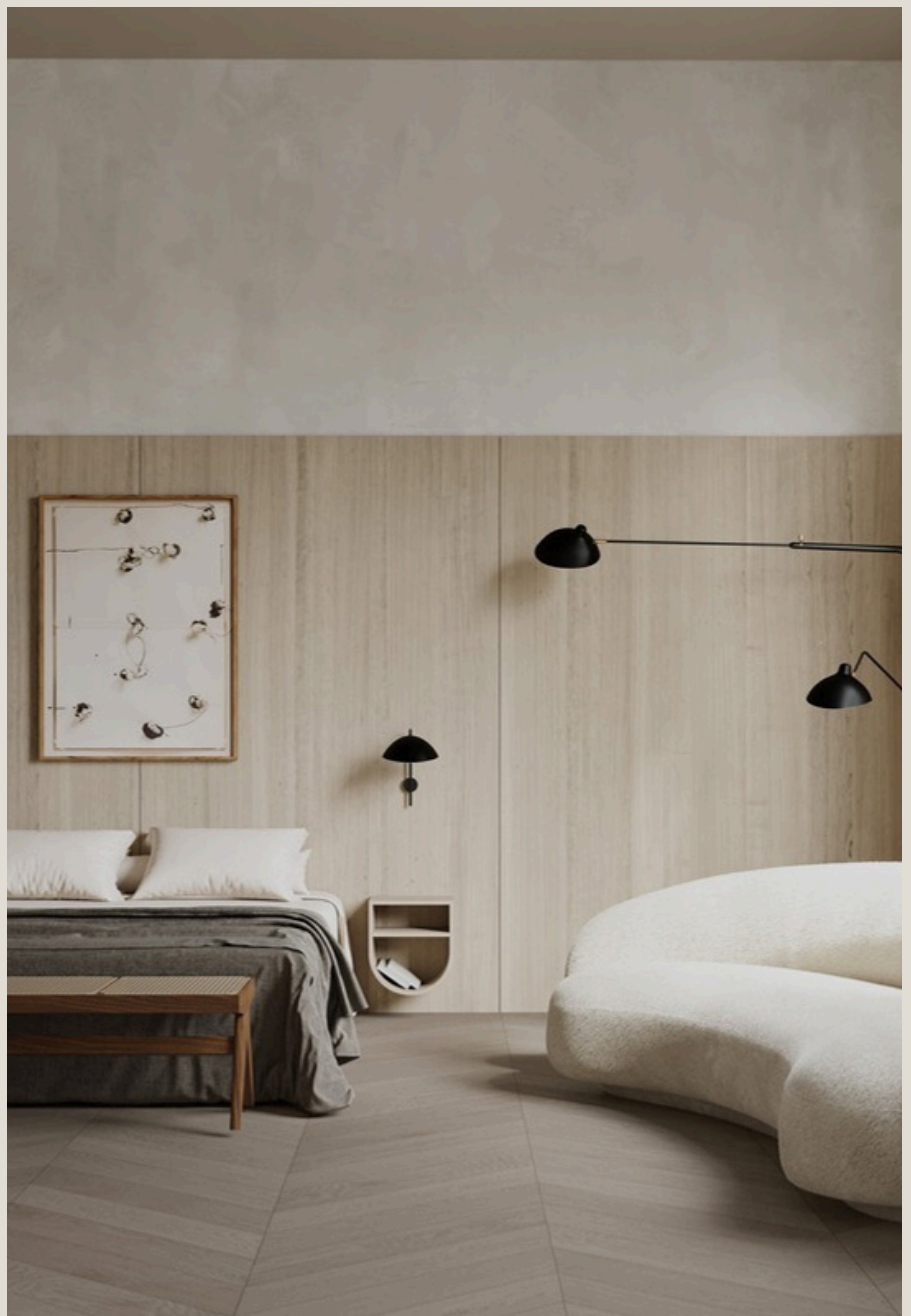

Amaretti Oak c02

Warm brown shades with a gentle grey undertone give Amaretti Oak a natural, classic elegance that suits every interior.

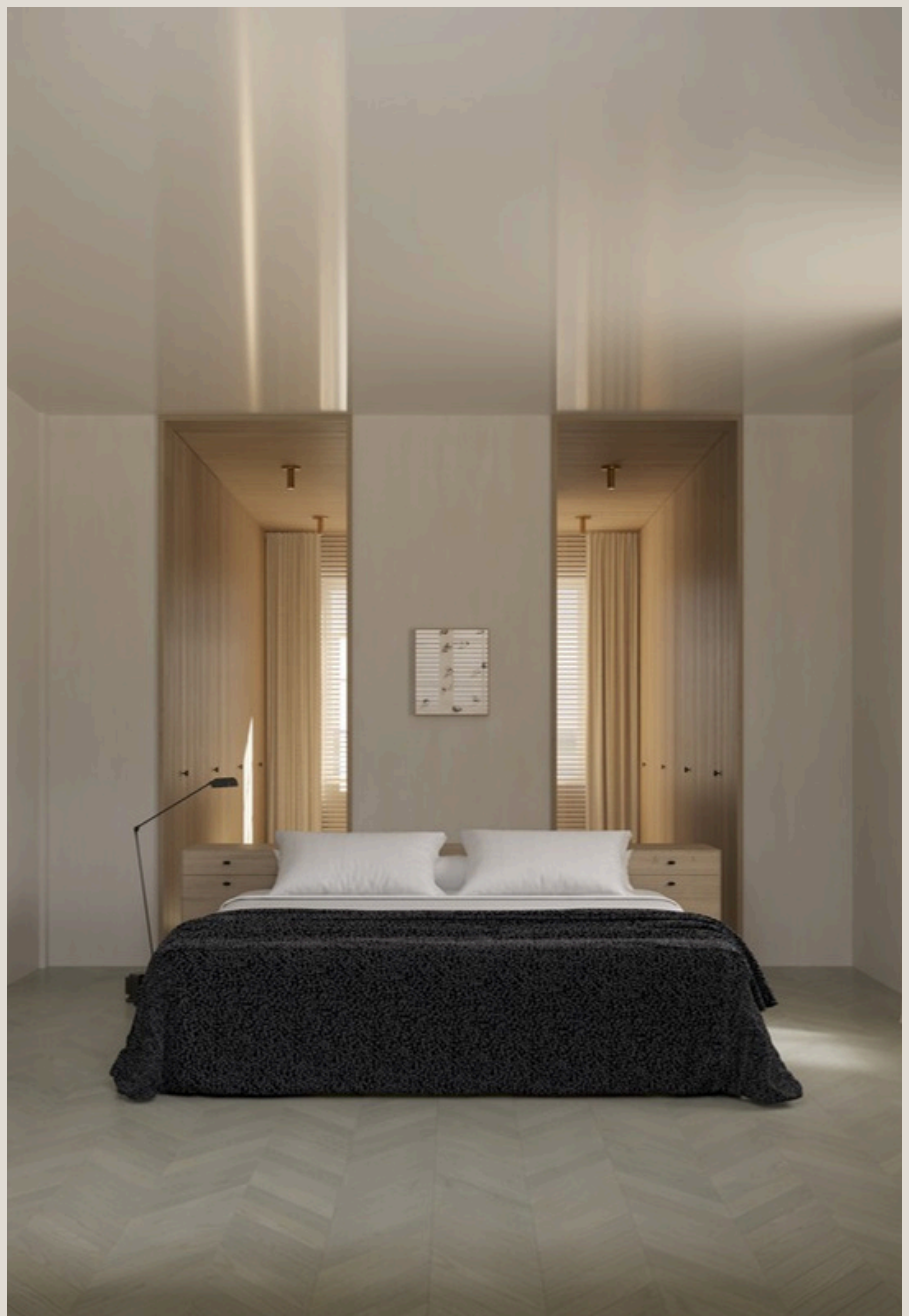

Panania Oak c03

Light grey hues lifted with subtle white undertones bring a fresh, airy softness to modern spaces.

Limed Ash c04

A pale ash tone washed with soft lime accents delivers a relaxed, timeless aesthetic with natural character.

Soft Pale Oak c05

Delicate reddish-brown notes blend with pale warmth, offering a versatile finish that feels both rich and refined.

Champagne c06

Creamy golden tones brighten interiors with an inviting warmth, adding effortless charm to any setting.

Boathouse c07

Light brown with coastal-inspired ashiness, Boathouse evokes laid-back charm and a sense of rustic simplicity.

British Oak Natural c08

Natural honey-brown tones showcase traditional oak character, creating a timeless and welcoming foundation.

Truffle Oak c09

Deep brown hues with distinctive graining bring bold sophistication, ideal for statement interiors.

Oyster Bay c10

A rich honey shade that balances warmth with elegance, Oyster Bay complements both modern and classic furnishings.

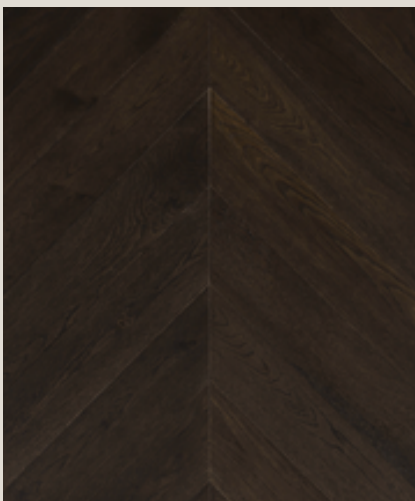

Monica Grey c11

Soft grey oak with muted dark contrasts offers a modern, versatile finish that adapts beautifully to any palette.

Camden Oak c12

Dark chocolate tones with striking grain detail give Camden Oak a dramatic, luxurious presence.

and hybrid planks.

TRUFFLE OAK (C09)

Technical Specifications

TYPE

Engineered Flooring
3mm Euro Oak Timber Veneer on 11mm Plywood

DIMENSIONS

780 x 125 x 14mm
3mm Hardwood Veneer
1.95m² / 20pcs / box

GRADE & MANUFACTURING PROCESS

ABC Grade European Oak Veneer
Contains Tight and Filled Knots and Natural Characteristics
Brushed, White Washed, Smoked or Stained

PROFILE

Tongue & Groove System

HARDNESS

Janka 6.8kN

COATING FINISH

9 Layers of Sherwin-Williams
Ultra Matte Lacquered Finish

FIRE RATING

CHF (Critical Heat Flux & Critical Radiant Flux)
3.9kW/m²

SLIP RATING

Slip Resistance Value (SRV): P2
as per Slip Resistance AS 4586 (2013)

ENVIRONMENTAL & QUALITY CERTIFICATES

VOC EO (0.014mg/m³)
ISO9000 Quality Control System and
ISO14000 Environment Control System

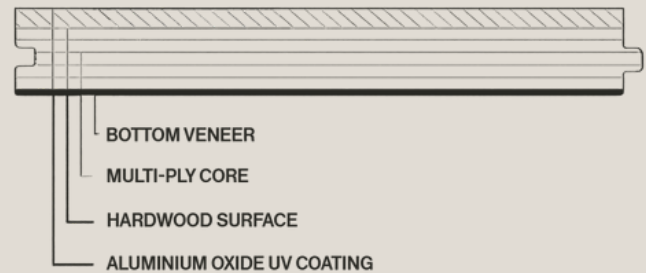

STRUCTURAL WARRANTY *

Lifetime Structural Warranty

COATING WARRANTY *

20 Years - Residential
10 Years - Commercial

MULTI-PLY CORE STRUCTURE

The Multi-Ply Core Structure Engineered Flooring is constructed with a crisscross arrangement that relieves internal stress and reduces the natural movement of timber. This results in a highly stable floor, allowing for cost-effective wide planks that are less prone to expansion and contraction.

DISCLAIMERS

* For full details, terms, and conditions, please refer to the official warranty documents available on our website.

Combining quality and environmental control standards throughout the manufacturing process — creating truly Elevated Spaces.
