OUR STORY	21-22

Wooden-Land Classic

The Wooden-Land Engineered Flooring collection celebrates the beauty of both **Australian** and **international** timber species, crafted into versatile formats of wide planks and elegant herringbone patterns. Featuring native icons such as Blackbutt, Spotted Gum, Jarrah, and Sydney Blue Gum alongside classic European oaks, each board captures the unique variations of tone, grain, and natural character that make timber so enduringly sought after. This rich variety opens up endless opportunities to complement both traditional and contemporary design visions.

Engineered with **layered construction for superior stability**, Wooden-Land flooring is designed to withstand the demands of modern living while retaining the warmth and authenticity of real wood. Every board is **prefinished** with multiple layers of advanced coating technology, ensuring long-lasting protection, resistance to wear, and ease of maintenance. The collection provides flexibility and efficiency, whether for professional installations or bespoke design projects.

Beyond performance, Wooden-Land is about creating spaces that resonate with style and longevity. From the bold richness of Australian hardwoods to the understated elegance of European oak, the collection brings depth, texture, and a sense of craftsmanship into every interior. More than just flooring, Wooden-Land forms the canvas upon which **elevated spaces** are built — spaces that seamlessly combine natural beauty, engineered strength, and lasting design sophistication.

TASMANIAN OAK

Foreign Species

PACIFIC BLACKBUTT

Pacific Spotted Gum

Blending earthy browns with soft blonde, Pacific Spotted Gum offers striking natural variation in tone and grain. Its rich character brings warmth and depth, making it a standout feature in both modern and traditional interiors.

Janka 11kN

Pacific Blackbutt

With golden honey tones touched by subtle pinkish hues, Pacific Blackbutt radiates warmth and natural elegance. Its clean grain and inviting finish create a timeless foundation for bright, open spaces.

GREY IRON BARK

Blackbutt

136/190mm

Golden to pale brown tones with a clean, straight grain give Blackbutt a light and contemporary appeal. Its natural warmth makes it an ideal choice for bright, open interiors.

Janka 9.1kN

Brushbox

136/190mm

With deep reddish-brown hues and a fine, even texture, Brushbox delivers rich sophistication. Its smooth finish adds a touch of elegance to both modern and classic spaces.

Janka 9.1kN

Grey Iron Bark

136/190mm

Strong and striking, Grey Iron Bark blends dark browns with deep reds for a bold, dramatic effect. Its rich variation creates a floor full of strength and character.

Janka 14kN

Jarrah

136/190mm

Renowned for its vibrant red tones and distinctive grain, Jarrah brings warmth and intensity to interiors. This iconic timber makes a confident design statement.

Janka 8.5kN

Spotted Gum

136/190mm

Earthy browns and subtle greys combine in Spotted Gum, creating a floor with natural variation and depth. Its dynamic tones make it versatile and full of character.

Janka 11kN

Sydney Blue Gum 136/190mm

Warm pinks and soft reds give Sydney Blue Gum a rich, inviting presence. Its lively colour and natural grain make it a timeless Australian favourite.

Janka 9.1kN

Tasmanian Oak 136mm

Soft, pale hues with subtle grain detail give Tasmanian Oak a gentle and versatile finish. Perfect for light-filled interiors, it adds understated warmth and elegance.
