PANTORA LAMINATE

ROYAL MILES

IN THE SPECIFICATION

The flagship pressed board.

Laminate, held to a hardwood standard — and milled longer than most hardwood.

Royal Miles is the flagship tier of Topdeck's Pantora laminate register — a 2260mm board at 236mm width, the longest pressed board on the Topdeck schedule. The pattern is a printed reproduction; the performance is not: AC5, the heavy-residential wear class, across all twelve colours.

The surface is 4D embossed-in-register — the pressed texture follows the printed grain — over a waterproof wear surface and a core tested against water for 800 hours. Boards land as a floating floor on the licensed 5G click system, without adhesive.

Twelve colours follow, in range order, each shown as installed and as the board itself.
