

Endurance Bamboo

Bamboo flooring is an attractive alternative to hardwood floors. Naturally self-generating, bamboo grows to maturity within five years and is regarded as the strongest plant on earth.

TOPDECK FLOORING

Endurance Bamboo

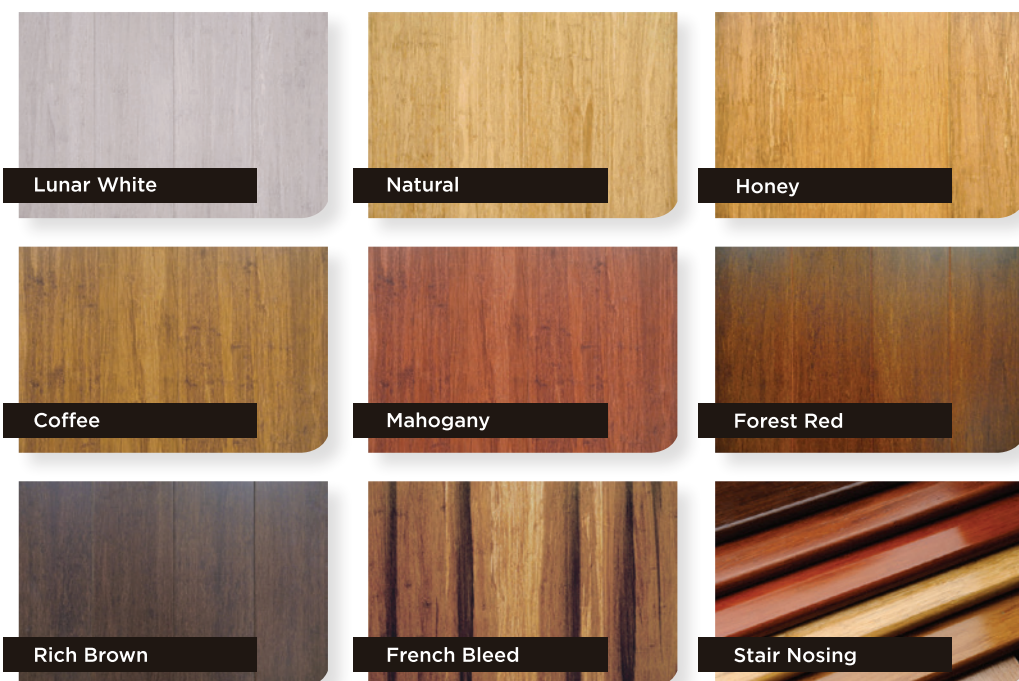

Endurance bamboo only uses the best flooring techniques in manufacturing our strand woven flooring product. Our waxed edges provide for a superior locking system.

Using wax enables the following benefits:

- Noise suppression in the joints, making for a quieter floor.
- Protecting the joints from accidental water spills, and drying out.
- Quicker easier installation with a better more secure locking fit.
